National teqball tournament - Slovakia

PARTICIPATION LIST

Please bear in mind that the event is not officially a FITEQ event. We are trying to arrange points for the winners to the WR but we don't have any feedback from FITEQ yet. Also, the venue is not a typical sports venue. It is the promenade of one of the fanciest places in Bratislava and Slovakia. Saturday's games will be until 8 pm. because of too many registration and categories. It is also because of the promotion of teqball in Slovakia. If the weather would be nice thousands of people cross that venue during the day and the night.

We will build 4 grounds for the group stages. The size of the courts will be 16x12 but if we want to play on the time it is a **MUST**.

Semifinal games will be reduced to 3 and 2 tables. Changing rooms will be not provided probably (we are trying to arrange) because it is the promenade of the shopping center.

**Thank you! Looking forward to see you !
Artur Benes - NF Slovakia**

See you in Bratislava
